STEM Girls Club goes on summer break

by Ilana Alice, S.T.E.M. Girls Program Coordinator

The summer is here and the STEM Girls Club is officially on break! We were incredibly busy over the month of June with fieldtrips to [McMaster's Institute for Infectious Disease Research](#), followed by a week of special focus on Alectra Utilities and a fieldtrip to the Alectra Hamilton headquarters. We ended our term with our [first official STEM Fair](#), and a celebration with the parents and community partners who have made this first term such a success. Without the support of Hamilton Community Foundation, STEM Girls Club would not have been possible.

Now the girls are off to enjoy the summer! A few of our girls have been awarded special scholarships to attend the McMaster Venture Science and Engineering Camp, and we are looking forward to hearing about their experiences in September when we reconvene!

The next year of STEM Girls Club will begin on September 12th, 2017, and all of the girls from the first year will be invited to continue on in the program. We will also be accepting applications for a few remaining spots from other girls going into Grade 7 who are interested in Science, Technology, Engineering and Math. Please get in touch if you or someone you know is interested.

Hot Summer forecasted for YWCA Business Programs

by Victoria Bularda, Business Coach

Since January, **Micro-lending** has had 81 inquires, with 34 participants attending our weekly Info Sessions. Twenty-seven (27) of these inquiries are people who enrolled in the program and are working on developing their businesses. The **Women's Entrepreneurship (W.E.)** Program is training the 5th group and will be pairing participants with their Mentors on July 21st. W.E. Group # 6 will begin training on **August 7th, 2017**.

Testimonials:

"Being able to schedule one-on-one sessions fit well into my busy schedule and allowed me to focus on the area I needed."
- ML participant Feb- April 2017

"The Business Coach was more than useful; she opened new pathways in personal and professional development."

Guest Speaker Kudos Thank you Lori!

Our business programs continue to remain free to the public because of professionals, experts, and small business owners who volunteer their time to present training sessions at no charge to budding entrepreneurs.

This month we would like to thank [Lori Elgin](#), Member Experience Manager from First Ontario Credit Union who presented Personal Financial Literacy for the Women's Entrepreneurship participants.

WIT – Circle of Strong Women!

by Mimi John, Career Development Specialist

That's what this year's Women in I.T. (WIT) group has named themselves and they truly are! The WIT program is for women who face barriers to employment in the I.T. field and it is clear with this group that each of these women have made a strong commitment to the program and a brighter future for themselves and their families. With 24 spots filled, we are at full capacity. Participants have gone through one week of workshops in motivation, team building and job search techniques at the YWCA. Special thanks to our guest speakers; Minoos Moslehi from Wesley Urban Ministries, Mirela Marceta from 1st Biz Program and Rana Aldibs from Women Alive at the YWCA.

At Mohawk College, the WIT participants began their first week with some warm up exercises in computer basics before wading knee deep into Web Design Basics and Photoshop. There is a sense of real team work and class unity as can be seen on Thursday lab days where the group is able to spend the day working on assignments and practicing what they have learned during the week.

Calling all youth seeking employment and Hamilton employers

YWCA Hamilton is recruiting participants and employers for our SISTER (Success in Service Training and Employment Retention) Program! The SISTER Program is a youth employment program involving four weeks of paid training and 12 weeks of paid placement in the service sector.

To be eligible for the program, you must be:

- A woman between the ages of 15 and 30 at the time of intake
- Not in receipt of Employment Insurance (EI) benefits
- Legally entitled to work in Canada and Ontario
- A Canadian citizen, permanent resident, or person who has been granted refugee status in Canada under the Immigration and Refugee Protection Act
- In need of assistance in order to overcome employment barriers

New groups are starting every seven weeks until 2019!

Bridging to Employment for Internationally Educated Professionals

And we're off!

by Uzma Qureshi, Career Development Specialist

Summer has begun and so have our summer courses. Participants are engaged in a Communications course and Environmental Legislation course. If you are interested in either course, please contact us!

On June 15, 2017, our Environmental Stream participants were fortunate to attend Environment Hamilton's 'Environmentalist of the Year' Awards. Thank you to Environment Hamilton for welcoming and recognizing the participants of the Bridging program. With supportive organizations like EH, we are sure to make Hamilton an inclusive and welcoming city for all.
